

If I Wear Blue

Written by Nina Ricci

Verse 1

I live saturated in spectrums of color
I've always had a pattern or odd combination
Of hues and of dyes: Yellow, magenta, and blue
And I wonder if it would have any effect on you
If I wear blue?

Verse 2

I've never been able to repeat perfection
I hate spinning circles in the same direction
But I learned to love what you like
You liked the silk scarf that I wore it
So, I wore it over and over
And It wasn't the design but the hue
I wondered if I would have any effect on you
If I wear blue?

Chorus

Is it all a colorless dream
Like Dorothy before the twister came?
Could I open up Oz to you
Ooh, If I wear blue?

Verse 3

I'm buying a dress to wear on a date
And I've lived the beginning over and over:
You walk through the door
See what I'm wearing
The one coloration you see,
A cool azul covering the girl with brown eyes
Tell me would it matter to you
Are you attracted to the girl or the cast?
Under the light of the moon
And... would it help
If I wear blue?

Chorus

Is it all a colorless dream
Like Dorothy before the twister came?
Could I open up Oz to you
Ooh, If I wear blue?

Verse 4

I wonder what a girl's got to do to impress you?
Are bracelets and earrings enough to arrest you?
Or are you blind to them, too?
Like you are to the colors of the rainbow
As we are to the colors of the wind
Who do you tell your secrets to
That you're colorblind?
And I could help
Oooh, If I wear blue?

Chorus

Is it all a colorless dream
Like Dorothy before the twister came?
Could I open up Oz to you
Ooh, If I wear blue?
