

All the Crown Jewels

Nina Ricci

Chorus

All the crown jewels
All the crown jewels
Margaret said she'd show me all the crown jewels
An eyeglass loupe will magnify the light
And I can't wait till I get the glitter in my eyes
Glitter in my eyes
Glitter in my eyes

Verse 1

Margaret's got a leather-covered snake skin trunk
She told me to appraise and throw away the junk
It's hard to see the diamonds, they're all mixed in
With the custom costume brooches and the riff-raff shims

Chorus

All the crown jewels
All the crown jewels
Margaret said she'd show me all the crown jewels
An eyeglass loupe will magnify the light
And I can't wait till I get the glitter in my eyes
Glitter in my eyes
Glitter in my eyes

Verse 2

I saw a gin and a genie in the facets of a gem
And I fall under their enchantment
I don't need to steal 'cuz I eat with my eyes
They're filled to the brim with little flicker lights

Chorus

Verse 3

A Polish ring, a Polish ring
It's porcelain white, just a little cracked thing
It don't have a glitter, no it don't have a sparkle
But I've got a fancy for it and I dream it in the dark, Oh
Got a fancy for it and I wear it in my dreams
Got a fancy for it and I dream it in the dark

Chorus

All the crown jewels
All the crown jewels
Margaret said she'd show me all the crown jewels
An eyeglass loupe will magnify the light
And I can't wait till I get the glitter in my eyes
Glitter in my eyes
Glitter in my eyes
Glitter in my eyes
Glitter in my eyes
