

# Mama Don't Tell Me Lies

Written by Nina Ricci

Pre Chorus

Mama Don't tell me lies

Mama Don't tell me lies

Chorus

I've had more lies than I can take

From well-planned schemes to subterfuge

These double-crossing enemies

Have gone and shot me in the blues

Verse 1

Mama never tells me lies,

she only shoots me straight

But people out there telling lies,

they do so to my face

Verse 2

People must not count their souls,

And what they stand to lose

'Cuz every time they reload,

They shoot me in the blues

Pre Chorus

Mama Don't tell me lies

Mama Don't tell me lies

Chorus

I've had more lies than I can take

From well-planned schemes to subterfuge

These double-crossing enemies

Have gone and shot me in the blues

Verse 3

People think cause you believe a lie you are a fool

But it's a fool who tells a lie, but truth shall be your school

Verse 4

Sometimes you have to let what goes around come back to bite  
But don't you go and shame your Lord by laughing at their plight

Pre Chorus

Mama Don't tell me lies  
Mama Don't tell me lies

Chorus

I've had more lies than I can take  
From well-planned schemes to subterfuge  
These double-crossing enemies  
Have gone and shot me in the blues
